TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Dublin qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, March 8th, 1949 at nine o'clock in the forenoon until five o'clock in the afternoon to act upon the following subjects:

1. To bring in your ballots for Town Clerk, Town Treasurer, Selectman, Road Agent, Tax Collector, Water Commissioners, Library Trustees, and Trustees of Trust Funds.

2. To choose all necessary Town Officers, Agents, Auditors, and Committees for the ensuing year.

3. To hear reports of Agents, Officers, Auditors, and Committees heretofore chosen and pass any vote relating thereto.

4. To raise and appropriate such sums of money as may be necessary to defray town charges for the ensuing year and for any other purposes that may be mentioned in the Budget.

5. To see if the Town will vote to instruct the Selectmen to apply for Town Road Aid.

6. To see what sum of money the Town will raise and appropriate towards a new bridge to replace the one on the road to the Winslow Peirce place.

7. To see what sum of money the Town will raise and appropriate to rebuild the road leading from Route 137 towards West Peterborough.

8. To see what action the Town will take to purchase a new piece of Fire equipment, raise and appropriate money for the same or authorize the Selectmen to borrow on notes of the town for the purchase of same.

9. To see if the Town will vote to authorize the Selectmen to administer and dispose of any real estate acquired by the Town by Tax Collector's deed.

10. To see if the Town will vote to authorize the Selectmen to contract with the Public Service Company for year round service on street lights around the South Side of Dublin Lake.

11. To see if the Town will vote to authorize the narrowing the oval in the center of the Town to a safety zone of about 12 feet wide, and raise and appropriate money for the same.

12. To see if the Town will vote to authorize the Selectmen to secure compensation insurance on all employees of the Town and raise and appropriate money for same.

13. To see if the Town will vote to authorize the erection of appropriate signs at the top of the hill by Gleason's property, and on the high hill for the purpose of slowing traffic, and raise and appropriate money for the same.

14. To see what action the Town will take and what sum of money they will appropriate towards a new town barn.

15. To see what action the Town will take with regard to the authorizing of police service to regulate traffic on the State Highway and raise and appropriate money for the same.

16. To see what action the Town will take with regard to purchase of a new road maintainer and raise and appropriate money for same.

17. To see if the Town will vote to adopt the Capital Reserve Act.

18. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

19. To see if the Town will vote to authorize the Selectmen to purchase real estate under authority granted by Chapter 223 of the laws of 1947 and raise and appropriate money for the same.

Given under our hands and seal this 4th day of February, 1949.

REPORT OF SUPERINTENDENT OF CEMETERY

During 1948 fourteen deaths occurred in town. There were eleven burials, three burials out of town.

Several new lots have been laid out during the season and put on records. Markers have been ordered and will be placed at the lots, so it will be convenient to locate the graves. At the present there are not many more lots. 15 lots have been taken up this season.

It would seem desirable each year to loam and seed down some of the space at the right of the entrance gate on the south end of the cemetery, which now is covered with low blueberry runs and quite uneven. This space would take care of 100 or more lots, and then be mowed with lawn mowers and in a few years it would reach the easterly section where the town's earliest settlers are buried.

A lot of stones this year were leveled in the easterly section of the cemetery. Having no footings on some they tip each year with the frost. The broken ones are all mended now in the oldest part of the cemetery.

Several lots have been filled where the earth has lowered and grass seeded.

B. Administrative Policy

The past year has brought a noteworthy increase throughout the United States in the interest taken by parents and other laymen in the part our public schools play in the formation of the pattern of our society. One evidence of the interest in this area is the increased activity of Parent-Teacher Associations.

Each district in this supervisory union, except Sharon which has no school, now has an active working P. T. A. These organizations have evidenced high interest in pupil welfare by the exceedingly effective work they have done in supporting their major project this year—the school lunch program.

It is the recognition of the need of the combined efforts of all—teachers, school boards, parents and superintendents—working in close cooperation that has made it possible to accomplish so much. The welfare of boys and girls will be served continuously better as we gain new experiences in co-operative study and planning toward that high goal. There is much to be done but real accomplishment can be seen when there is a concentration of effort upon each specific problem. The development of our schools as the foundation of our society is the responsibility of each and every one of us as a member of that society.

C. Administrative Organization

Judging from the number of questions asked your superintendent of schools regarding the administrative organization of this supervisory union, it seems appropriate to devote a small amount of space in this report to this subject:

This union, known as the Peterborough-Jaffrey Supervisory Union No. 47, is one of the 48 of which the state is comprised and is composed of six school districts: Peterborough, Jaffrey, Dublin, Hancock, Rindge and Sharon. The following table of facts should be of interest:

Dis.	Schools	Pupils	Instructors		Physi-		Lunch	Jani-	Trans-
			Reg.	Spec.	Nurses	cian			
Peterboro	2	482	19	4	1	1	3	2	1
Jaffrey	2	541	24	3	1	0	4	2	5
Dublin	1	87	4	2	1	1	1	1	4
Hancock	2	109	7	2	1	1	1	2	1
Rindge	3	79	4	2	1	0	0	3	7
Sharon	0	0	0	0	0	0	0	0	1
Totals	10	1298	58	6*	2*	3	9	10	18*

The governing and directing bodies of the respective schools are the six school boards and the board of trustees of Hancock High School for whom the superintendent serves as educational advisor and executive officer. It is significant to note that in performance of his duties he is responsible for the supervision of these 106 employees who constitute the working staff for the operation of the 1298 pupils enrolled.

PART II. INSTRUCTION

A. Teachers as of January 31, 1948

Teacher	Position	Salary	Enrollment
Charles R. Keady	Prin. & Gr. 7-8	\$2500	15
William A. Casey	Gr. 5 & 6	2100	19
Mary N. Grimes	Gr. 3 & 4	2100	20
Ruth M. Blomgren	Gr. 1 & 2	2100	33
Robert L. Filbin	Art, all grades	300	
George T. Wilson	Music, all grades	333	
Total Enrollment			87

There were no changes during the school year 1947-48 in personnel of the teaching staff, but at the close of the year both Mr. Lewis, principal and teacher of grades 7 and 8, and Miss Putnam, teacher of grades 5 and 6 and Music, withdrew to seek positions elsewhere. These vacancies were filled by Charles R. Keady and William A. Casey, respectively except that Music this year is being taught by George T. Wilson, Supervisor of Music in Peterborough, Dublin and Hancock in this supervisory union. Mr. Keady graduated from Dartmouth in February 1948, and came to Dublin after half year of teaching experience in Athol, Mass., where he taught in the junior high school and coached high school baseball. His college training as was Mr. Casey's was interrupted by a period of service in the U. S. Armed Forces during World War II. Mr. Casey graduated from Boston University in 1942 with a B. S. degree in Education. Although he had trained for educational work, he had not had previous teaching experience before coming to Dublin. Mr. Filbin, supervisor of art in this supervisory union, is a graduate of the Massachusetts School of Art, and came to us from the position as teacher of art in the Junior High School of Needham, Mass. Mr. Wilson is a graduate of the University of New Hampshire and has had a number of years of teaching experience, the most recent of which was at Port Jervis, New York. At the outbreak of World War II he was supervisor of music in the schools of Dover, N. H.

B. Program and Methods

The most important change in the instructional program from last year has been the introduction in this school year of an organized program in Art. The art supervisor devotes one afternoon per week to the Dublin school. All pupils are participating in the program, and are receiving the new opportunities with high enthusiasm. Much of the interest is due to Mr. Filbin's unusual skill in stirring each pupil to see in his everyday living experiences the vital part art plays. This improvement in the school program is giving Dublin boys and girls significant help toward the attainment of a stable emotional life.

The program of instruction correlating the basic subjects of reading, social studies, science, arithmetic and health, adopted two years ago, and further extended last year has been continued this year up through all grades. This effort has resulted in a marked improvement in this phase of the program during this period. The fine quality of this type of material can do much to stimulate the interest and increase the efficiency of the instructional program. The purchase this current year of a small radio, both AM and FM reception, and a fine record-player, which will handle all types of recordings, has made a fine supplement to the existing audio-visual equipment which we now have. The policy of renting film on a contract basis from the University of New Hampshire for use with the sound moving picture projector and the purchase as well as rental of film strips for use in the film strip projector is continuing this year the same as last year. These modern educational tools are just as essential for carrying on a modern educational program as was the slate to the old program.

The school program in physical education has received new impetus this winter by the initiation of a cooperative plan developed with Boston University Sargent School of Physical Education for Women, whereby cadet teachers are doing consecutive periods of practice teaching under the supervision of the regular teaching staff. Miss Sarah Plemmons is presently assigned to us, and she will be replaced in the spring by Miss Norma Oeffinger. These young ladies are providing much needed help in return for the training they are receiving.

PART III. SCHOOL PLANT

In spite of the best plans no major improvements to the school plant can be reported. Some cooking and serving equipment has been purchased for the school lunch program and a new 9 cubic foot electric refrigerator was purchased for that department also. At last it has been possible to procure a playground slide to replace the old one which has not been fit for use for two or three seasons. It is sincerely hoped that soon the availability and cost of materials will permit the accomplishment of projects mentioned in previous reports.

Assessment required to balance School Board's Budget		\$27,123 00
Special Appropriations Proposed: (Articles in Warrant)		
New Equipment	\$200 00	
Efficiency appropriation for 1948-49	2,563 00	
	<hr/>	\$2,763 00
Total Assessment Required to Cover Budget and Appropriations		\$29,886 00

Several items in this estimated budget deserve some additional comment.

1. Teachers' salaries: Although \$9300 was estimated for this current year, the actual commitments are expected to total \$9521. The increase from this figure to \$10,068 for next year is due entirely to an effort to retain a competent teaching staff and continue the employment of special supervisors in art and music.

2. Transportation: Although \$4750 was estimated for this item, the district raised it to \$5050 last March and the expected expenditure this year will be about \$5310 due to an unexpected additional route. The estimate for next year is based on a continuation of the present arrangement.

3. Special Activities: Present indications are that the school lunch program is self-supporting so that no request is being made for an appropriation for the payment of the worker preparing the lunches.

4. High School Tuition: The estimate in last year's report for this item proved to be wide of the mark as about ten more Dublin pupils are attending high school now than could possibly be foreseen. Next year the tuition rate will be higher in all schools, and it is expected that the number will be about the same as at present, so that about \$4460 will be needed.

5. Retirement: This item appears for the first time in this report, although for the past few years there has been an expenditure for this purpose. The \$393 for which the district will be obligated is made up of three parts: (1) teachers, \$367.00, (2) superintendent, \$14.00 and (3) superintendent's secretary, \$12.00.

6. State Aid: For the past two years the state aid was based on a formula which gave all school districts something regardless of their wealth, but the present proposed legislation would change the formula to make it available only on a need basis, so that Dublin would be entitled to none.

7. Deficiency Appropriation: Due chiefly to five causes the amount of income expected to be available for use this current year will be about \$2563 short of anticipated needs: (a) the income will be about \$775 less than expected, (b) teachers' salaries, \$221 more, (c) transportation about \$260 more, (d) tuition, \$1175 more, and (e) new equipment, \$100 more.

Summary: A comparison of the current years' estimate revised to date with the budget for 1949-50 reveals that the total increase for next year over this year is less than \$100.

It is interesting to note in this connection that a recent statistical study by the State Board of Education in New Hampshire shows that of the two hundred forty school districts in the state only 17 had a lower tax rate for school purposes in 1948-49 than did Dublin, whereas 38 had a rate over twice that of Dublin.

PART V. CHILD ACCOUNTING AND STATISTICS

A. Promotions to High School

The following twelve pupils were promoted to high school in June 1948: Paul S. Black, Marilyn Fiske, Elizabeth M. Lehto, George T. Luopa, Marion H. Luopa, Richard Metivier, Margaret C. Naylor, Jean R. Plimpton, Donald L. Rajaniemi, John E. Snow, Robert F. Sundstrom and Donald B. Wyne.

B. High School Tuition Pupils

Thirty-three pupils for whom the Dublin School District is responsible for tuition are presently enrolled in secondary schools. This number is nine more than last year.

Peterborough High School: Seniors—Arlayne Brown, Esther Plimpton, Elsa Renker and Leonard Williams; Juniors—Abner Black, William Jaaskela, Nancy Olsen, Janet Rajaniemi, Glenna Scribner, Francis Woodward and Frederick Woodward; Sophomores—Susan Carr, Bernard Clark, Shirley Fiske, Julia Murphy, Alvah Niemela, Louise Pickford, Doris Tielinen, Ann Walsh and Carolyn Williams; Freshmen—Paul Black, Marilyn Fiske, Elizabeth Lehto, George Luopa, Marion Luopa, Richard Metivier, Margaret Naylor, Jean Plimpton, Donald Rajaniemi, John Snow and Donald Wyne.

Conant High School: Junior—Thomas C. Naylor.

Keene High School: Freshman—Robert F. Sundstrom.

C. Statistics for the Year Ending June 30, 1948

Number of pupils registered	101
Average number of half-days schools were in session	347
Average membership	89.41
Average attendance	81.87
Aggregate number half days all pupils were in school	28,408
Per cent of attendance	91.56
Average number of half days each pupil was in school	317.73
Average number of tardinesses per pupil	1.50
Non-resident pupils	1
Pupils transported at district expense	65
Number pupils attending high schools in other districts	28

A comparison of the above figures with last year's shows the following significant facts:

1. The number of pupils regularly enrolled increased nearly 7, or 8.2%.

2. The amount of educational service rendered as indicated by the total pupil attendance in school increased 1111 pupil-days, or 8.5%.

3. The number of pupils transported at district expense (not including the high school pupils) increased from 61 to 65, or 6.6%.

In light of the generally rising prices extending through 1946, 1947 and 1948 the increase of only 11.6% in the total expended for school purposes from 1946-47 to 1947-48, when the school offering increased 8.5% (as noted in number 2 above), indicates a real economy in operation of the educational facilities.

The above figures indicate that the present overcrowding in the primary room will be somewhat less next fall and is not likely to recur in the near future.

PART VI. AUXILIARY ACTIVITIES AND SPECIAL REPORTS

A. Report of the School Health Work

Donald M. Clark, M. D., Medical Inspector

Ola H. Myhaver, R. N., School Nurse

The following report is a summary of the Health Activities at the Dublin Consolidated School from Jan. 1948—Jan. 1949.

Before the physical examinations were made by Dr. Donald Clark a disease census card was requested for each child entering school.

Physical examinations of students were made by Dr. Clark, Medical Inspector of Dublin Consolidated School. Heights and weights of students were recorded by the school nurse. Vision and hearing tests of students were made by the school nurse.

The Mass. Vision test is being used to conduct the vision tests for the first time. This test is far superior to other tests used in the schools. The Maico Pure-Tone Audiometer is used to test hearing and is a great improvement over the group tests.

Recommendations have been made for exclusion from school of ill children and especially children having symptoms of communicable diseases.

Defects of children have been followed up by notices to parents, interviews and home visits by the nurse when necessary.

Corrections of defects have been made and assistance given through:

(a) Dental clinics by Dr. Lawrence (sponsored by the Woman's Club of Dublin, the local board of Education and parents).

(b) Dental care by own dentist.

(c) Vision tests by specialists, fitting and refitting of glasses, if necessary.

(d) Operations for removal of tonsils by own surgeon.

(e) Visits to own physicians when necessary for consultation.

Health Projects and Activities:

(a) Arrangements for attendance at clinics by the school nurse.

(b) Inspection by the class room teachers. Dental movie on "Care of the Teeth."

(c) A Demonstration of Health Services program sponsored by the Supt. of Schools, Board of Education and school health department. Mr. Keady, Principal of the school acted as host.

Mrs. Worcester introduced the speakers in the absence of Mr. Badger, Supt. of schools. Open house was held after the Demonstration program. Dr. Fredrika Moore of Hancock acted as medical inspector in the absence of Dr. Clark and conducted a routine physical examination of Richard Raisoneu who took the part of John Q. Public, Jr. Present at the examination of her son was Mrs. John Q. Public. This part was taken by Mrs. Raisoneu, a parent. Dr. Lawrence conducted a dental examination and gave a talk on dental care and a blackboard demonstration of his talk.

Talks were by: Miss Louise Sexton, R. N., State Dept. of Public Welfare; Miss Frances Johnson, State Dept. of Child Guidance; Miss Ann Lally, R. N., State Dept. of Health; Miss Helen Hinnian, R. N., State Dept. of Health; Mrs. Mildred Aiken, R. N., State Dept. of Health and Tuberculosis Association; Mr. Alder Hatch, Dept. of Physical Education, Keene High School.

A Hearing test was conducted by Miss Ida Gill, R. N., Keene Teachers' College.

A Vision test was conducted by Dr. Lura Bruce, State Department of Education. Dr. Bruce also summarized the program.

Records and Equipment:

- (a) A disease census card for each new entrant.
- (b) A Health card for each student.
- (c) A class room physical growth chart.
- (d) A first-aid cabinet equipped to care for minor injuries.
- (e) A new scales.

Meetings attended by the school nurse: Public Health Nurses' meeting at Keene, N. H.; Teachers' Institute at Keene, N. H.; Teachers' Convention at Concord, N. H.; Health and Physical Education Work Shop at Peterborough, N. H. Dinner and talk by Dr. Fuller, at Dublin N. H.

At this time the School Health Department wishes to thank the Supt. of schools, the School board, the doctors, dentists, teachers and Principal and all others who assisted in the school Health program and to express appreciation to the Woman's Club and to all who contributed their services to the Demonstration of the School Health services program.

B. School Lunch Program

For the past two years the school has operated a noon lunch program to provide each pupil a hot dish to supplement the cold lunch brought from home. The worker who prepared the lunch was paid from district funds appropriated for the purpose, while the other operating expenses were met by a charge made for each hot dish served.

This year the program has been broadened to serve a balanced meal providing one-third of the daily nutritional need of the child. With this plan the pupil is paying 20 cents per complete meal and the Federal Government reimburses the district nine cents on each meal. By careful attention to economy in the purchasing of the food and by general efficiency in management, operating costs are being kept down so that the program is presently self-supporting.

In addition to the Federal Aid being received in cash the U. S. Dept. of Agriculture has to date furnished the following free foods:

1 case Orange Juice	74 lbs.
2 cases Dried Apricots, Appr.	54 lbs.
12 cases Applesauce	432 lbs.
1 case Honey	60 lbs.
7 cases Dried Milk	232 lbs.
3 cases Dried Prunes	93 lbs.
2 cases Cheddar Cheese	76 lbs.
6 cases Tomatoes	168 lbs.
10 bags Potatoes	1000 lbs.
2 cases Dried Raisins	64 lbs.

The only cost for this ton and more of food has been the charge for transportation from Concord to Dublin.

Many have commented on the change in many of the pupils for the better due to the operation of this program. Many of them are much more alert in the afternoon and have a general appearance of better health. The inauguration of this program in Dublin will mean a great deal in the way of better health and better educational opportunity for the boys and girls of this community. It is hoped that the program may continue and be in operation from the opening day of school in the fall until the closing day of school in June.
